

REPUBLIC OF MAURITIUS

RADIATION SAFETY AND NUCLEAR SECURITY AUTHORITY

Communiqué

The Radiation Safety and Nuclear Security Authority (RSNSA) has developed a new set of regulations cited as the ‘**Radiation Safety and Nuclear Security (Occupational Radiation Protection) Regulations**’, to complement the Radiation Safety and Nuclear Security Act 2018 for the adequate protection of radiation workers.

[Click here to download a copy of the draft regulations.](#)

The draft regulations are opened for comments from all interested parties, including the public.

The RSNSA will appreciate to have the views and comments on the draft regulations by **22 January 2021**.
